

## UNCOVERING RARE OBESITY™

Welcome to **Uncovering Rare Obesity™**, a no-charge genetic testing program for rare genetic diseases of obesity.

## Getting started

---

This guide will help you get started testing your patients for rare genetic diseases of obesity. To facilitate the process, PreventionGenetics offers a convenient online portal for you and your staff. To get started, visit [UncoveringRareObesity.ca](https://UncoveringRareObesity.ca).

### The program in four simple steps:

- ① Log in or create your account
- ② Order test kits
- ③ Submit test forms online
- ④ Track test status and view results

# 1

## LOG IN OR CREATE YOUR ACCOUNT

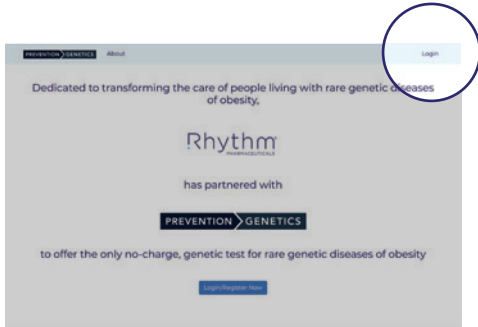

### Accessing the online ordering portal

Visit the website:

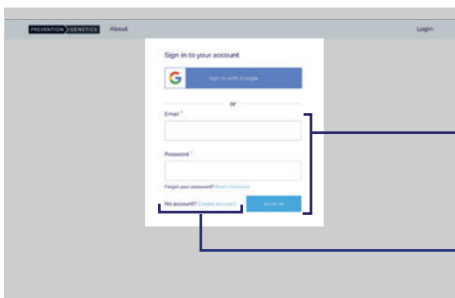

- Visit [UncoveringRareObesity.ca](https://UncoveringRareObesity.ca) and use one of the HCP passwords above to log in.
- Click **either of the buttons on the upper right** to access the online portal. You will be redirected to PreventionGenetics, a CLIA-accredited clinical laboratory to conduct DNA testing

Log in:

- Click **Login** on the upper right

- **Already a myPrevent user?** Use your same username and password, with no additional sign-up needed
- **Not yet a myPrevent user?** Simply select “Create account”

### Order office test kits:

The screenshot shows the 'Office Kit Order' form on the Rhythm website. The navigation bar at the top includes links for 'Home', 'About Us', 'Order Office Kits', 'Order Home Kits', 'Contact Us', and 'My Profile'. The 'Order Office Kits' link is circled in blue. The form itself has a title 'Office Kit Order' and a 'Submit' button. Below the title, there are sections for 'Kit Selections' (with 'Blood' and 'Genetic' dropdown menus), 'Shipping and Contact Information' (with fields for 'First Name', 'Last Name', 'Work Number', 'Phone', 'Specialty', 'Work Address', 'City', 'State', and 'Zip Code'), and a 'Comments' section. At the bottom of the form, there is a 'Submit' button and the Rhythm logo.

- Click on **Order Office Kits** to order your sample collection kits online
- Fill out the form with the appropriate information, and click **Submit**

### Order an at-home sample collection kit:

The screenshot shows the navigation bar of the Rhythm website. The 'Submit Test' link is circled in blue. The navigation bar includes links for 'Home', 'About Us', 'Order Office Kits', 'Order Home Kits', 'Contact Us', and 'My Profile'.

- To order a kit for at-home sample collection, click on **Submit Test** in the upper navigation
- Complete the form with the appropriate information, and click **Submit** (specific instructions are located on page 4)

## Submit test order forms

Note: Forms can be downloaded, prefilled, saved, and printed ahead of patient visits. Don't forget to enter the information online in the test submission section once all forms are complete!

All required forms are now online, making it easier to store and submit information.

On the **Submit Test** page you can:

- Enter patient information
- Enter clinical information
- Determine eligibility
- Enter and confirm provider information
- Submit test forms
- Download order summary and patient consent forms

### Enter patient information:

- Click on **Submit Test**
- Select test type
  - In-office sample collection
  - At-home sample collection
  - Repeat testing using DNA at lab
- Click **Next**

- Enter requested patient information
- If you are ordering an at home sample collection kit, you must check that you understand that a kit will be sent to your patient's home before submitting the order
- Click **Next**

## Enter clinical information:

- Select patient type:
  - The default option is New Patient
  - If a patient is eligible because of a family member's test results, select Family Member of Select Patients Previously Tested instead
- Enter requested clinical information
- Click **Next**

## Determine eligibility:

- For a new patient who is eligible for genetic testing, the portal will automatically select the criteria this patient meets
- Click **Next**

- For a new patient who is ineligible for genetic testing, you can request an exception
- You must fill out the field explaining the clinical presentation and your reason for requesting an exception
- Click **Next**

- For a patient who is eligible because of a family member's test results, please enter patient name and PGID (if available)
- Click **Next**

## Enter and confirm provider information:

- Select provider type:
  - If you are the ordering provider, select licensed healthcare provider
  - If you are ordering on behalf of a provider, select allied provider or support staff
- Click **Next**

- Verify or update provider information (autofilled from your account)
- To send reports via a method other than email, enter the necessary information here
- To share the report with other clinicians, enter their email(s) here
- Click **Next**

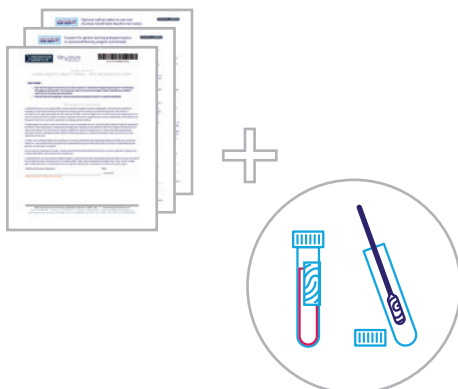

### Submit forms in-office testing (continued):

Complete summary form:

- Provide signature where indicated

Complete patient forms:

- Instructions for the patient are on page 1
- Have the patient complete, sign, and date the **consent forms** on pages 2-3
- The patient may also choose to complete, sign, and date the **optional authorization form** on page 4

Submit sample and forms:

- Include the signed forms with the collected sample
- Return these items to PreventionGenetics using the shipping bag and label provided

### Submit forms at-home testing:

SPROUSE - UNCOVER™  
RARE GENETIC OBESITY PANEL - TEST REQUISITION FORM

Please review your information below. Once you have reviewed your information please submit the form at the bottom of the page.

PATIENT INFORMATION

I am ordering for:

In-office sample collection  At-home sample collection  Repeat testing using DNA at lab

Last (Family) Name: \_\_\_\_\_ First Name: \_\_\_\_\_ MI: \_\_\_\_\_ Date of Birth: \_\_\_\_\_  
 Sex: \_\_\_\_\_

List Additional Emails to Have Access to Reports

Email: \_\_\_\_\_ Email: \_\_\_\_\_ Email: \_\_\_\_\_
